Technical Overview

Important Links

Link	Description
Additional RISC-V Documentation	A page of non-specification documents from RISC-V
Architecture Review	Must be completed prior to Freeze. Also including opcodes and new/changed architectural State approval (e.g., CSRs, data registers).
Calendar ICS File Google Subscribe Link	See the Calendars, Meetings, & Zoom page for details on how to subscribe.
Code of Conduct	RISC-V Code of Conduct, based on the contributor covenant.
Getting Started Guide	A high level overview of working in the RISC-V community specifically aimed at technical contributors.
GitHub Repo Map	All the RISC-V GitHub organizations and repos.
Glossary	Glossary of terms
Policies	Folder containing all working policies - approved, in process, and tbd
Google Drive	Shared storage for the RISC-V community.
Lifecycle Guide	A step-by-step guide for RISC-V members wanting to form groups, create specifications, or develop software.
Mailing Lists - Member Only	RISC-V member mailing list, hosted via Groups.io. Publicly read-only, RISC-V members may post.
Mailing Lists - Public	Public mailing lists (hosted on google groups) including ISA-DEV and SW-DEV, and other forums.
Ratification plans	Folder containing approved ratification plans
Ratified Extensions	Convenient list of recently ratified ISA Extension specifications. Note: You'll find the Non-ISA specifications on the Technical Specifications page.
Slack space	Live messaging for the community - if you are new, add yourself with this link
Software Ecosystem Links	A set of links to related software. Also, check out RISC-V Software Ecosystem for detailed interactions with other communities.
Specification Lifecycle	Diagram of the lifecycle of RISC-V ISA and Non-ISA specifications.
Specification Status	Status of specs currently being worked on.
Tech Chairs Folder	RISC-V Technical Working Group Chair's Meeting agendas and file storage.
Technical Organizational Charts	RISC-V Technical organization slides describing the reporting structure.
Technical Specifications	The main list of technical specifications, ISA and non-ISA for RISC-V. See the Recently Ratified Extensions page for specs of extensions which are ratified but not yet contained in the ISA manual yet.
Technical Working Groups	Wiki pages for technical working groups as well as an extensive spreadsheet list.
Vote Status	Election, policy, charter, waiver vote status.
